Pop-up event held!

J BEAUTY Resort • Pop-up Event

A folding fan is one of the Japanese tools that creates a cool breeze.

Before the official opening of J BEAUTY Resort, a pop-up event will be held on the following dates. During the pop-up period, you can experience the treatment services that you can receive at the time of the official opening, introduce the brands that open stores, introduce beauty professionals, and experience Japanese culture. There are also many benefits offered only to visitors. So please come and visit us during the period!

The first 500 visitors who register as J BEAUTY members will receive an "original folding fan" as a gift!

Please register. You can also apply at the venue on the day.
Pre-registration can also be done from the QR code on the right.
